

## Confirmation of compliance TSCA (Toxic Substances Control Act)

The US Environmental Protection Agency (EPA) has issued final regulations for five persistent, bioaccumulative and toxic (PBT) substances under Section 6(h) of the Toxic Substances Control Act (TSCA) and the corresponding EPA regulations pursuant to 40 CFR Part 751.

The resulting bans and restrictions apply to the following substances:

Decabromodiphenyl ether (DecaBDE)  
Phenol, isopropylated phosphate (3:1) (PIP (3:1))  
2,4,6-tris(tert-butyl)phenol (2,4,6-TTBP)  
Hexachlorobutadiene (HCBD)  
Pentachlorothiophenol (PCTP)

Based on the information available to us regarding the materials we use and our supply chains, we confirm that all products currently supplied comply with the requirements of TSCA Section 6(h) and do not contain any of the above-mentioned PBT substances or fall under the existing prohibitions on their use.

**approved by** Möller-Industrietechnik GmbH / Möller-Metalldichtungen GmbH  
Brunnenweg 10, 39444 Hecklingen

**revision** 04

**date** 09.02.2025

**signature** This letter has been generated automatically and is valid even without a signature.

**validity** This confirmation is valid until revoked. It will be reviewed regularly and updated immediately as soon as new findings from our supply chain or changes to the relevant EPA regulations make this necessary.

This confirmation of compliance applies to Möller Industrietechnik GmbH and Möller-Metalldichtungen GmbH. Both companies use a common material compliance structure, identical supply chain assessment processes, and centralized supplier communication. The contents of this confirmation of compliance have been independently verified for both legal entities and apply equally to both.
